### Overall Broader Objective

- Education of experts for water resources management in the Western Balkans (WB) in line with the national and EU policies.

### Specific Objectives

- **Improve the level of competencies and skills in HEI's** by developing new and innovative master programmes in the field of water resources management (WRM) in line with the Bologna requirements and national accreditation standards by October 2021
- **Design and implement seven new and up-to-date laboratories in WB partner HEIs** in cooperation with EU project partners by November 2019
- **Develop and implement LLL courses** for the water sector in line with EU Water Framework Directive by January 2021
