

We are pleased to announce that as an effect of the successful [All4R&D project](#) framework we are **now offering up to 50 tailored-made professional courses.**

The courses are based on the assessed needs of students and professionals, as well as trends in industry. Moreover, they are co-created and are offered in joint collaboration of academic and business organizations from 6 countries (Armenia, Bosnia and Herzegovina, North Macedonia, Germany, Finland and Austria). **Check out all the courses [here!](#)**

Participants are allowed to attend courses from different disciplines. In an effort to give our best in ensuring equal opportunities for all applicants and participants **we ask you to fill-in our [questionnaire](#) and we will get back to you with feedback information.**
